

INFORMATION

WWW.FRISCPD.COM

On Tuesday, August 13th, the Frisco Police Department took a report concerning an incident involving the welfare of a student from Wester Middle School. Due to the age of the student, little information is able to be released.

The investigation into this incident remains ongoing, and we are still trying to determine what transpired. Frisco PD was in contact with the family last week, and investigators, as well as our School Resource Officers, have spoken to them on a number of occasions and obtained a statement from the child. As part of the investigation, we hope to determine why he chose to leave campus after the bell, as opposed to going to meet his prearranged ride home. Frisco PD currently has no evidence yet to support anything criminal in this matter.

Reports like this are taken very seriously, and personnel from multiple units have invested a significant amount of time and effort into this investigation. If there is anything to suggest there is a danger to our community, we will share that publicly.

Anyone with information regarding this incident is requested to contact the Frisco Police Department at (972) 292-6010. Tips can also be submitted anonymously by texting FRISCPD and the tip to 847411 (tip411) or by using the Frisco PD mobile app.
