On 06/08/2026 at approx. 03:00 at 16660 Nino Way (auction lot), Riverside, I discovered my own 2020 Jaguar (registered owner) after it was unlawfully impounded by SBSO then repossessed/moved by Golden 1 without notice or redemption opportunity. I called CHP upon arrival, drove only to the front gate, complied with security, waited ~40 min for RSO deputies. I offered proof of ownership and claimed my property; Deputies Gonzalez #6807 and Kurtz refused to view any proof. I was arrested and falsely charged with VC 10851(a) (vehicle theft) and PC 602(K) despite never leaving the property, strong claim-of-right defense, and no elements of the crimes being met. This is the culmination of a multi-agency pattern of targeting (prior POST complaints: LAPD Hollywood 08/31/2025 Ochoa; LAPD Wilshire 01/09/2026 Tesla impound; Santa Monica PD 04/03/2026; SBSO 04/30/2026 Shin/Rivera). EXECUTIVE SUMMARY

This complaint seeks the **permanent decertification** of Riverside County Sheriff's Office Deputy Gonzalez #6807 and Deputy Kurtz for **Serious Misconduct** under 11 CCR § 1205. The conduct at issue constitutes one of the most egregious and legally indefensible false arrests documented in this escalating, multi-jurisdictional pattern of targeting against the complainant.

On June 8, 2026, the complainant — the **registered owner** of the subject vehicle — located his own 2020 Jaguar F-TYPE at a private auction facility in Riverside County after it had been unlawfully moved through three separate jurisdictions without notice, without any lawful repossession documentation, and without any opportunity to recover personal property. The complainant:

- Immediately called the California Highway Patrol (CHP) upon discovering the vehicle;
- Drove the vehicle only to the **front entrance gate** of the auction facility (never leaving the property);
- Complied fully when instructed by security to exit the vehicle and wait;
- Waited **approximately 40 minutes** for Riverside County Sheriff's deputies to arrive;
- Repeatedly **offered to show proof of ownership** (DMV registration, title history, loan documents) and asserted his **claim of right**;
- Was met with **blanket refusal** by the responding deputies to examine any documentation.

Despite the complete absence of any element of VC §10851(a) — the vehicle **never left the property**, the complainant is the **registered owner**, he **called law enforcement himself**, he was **fully compliant**, and he openly asserted

ownership — Deputy Gonzalez #6807 arrested the complainant on a **felony vehicle theft charge**. Deputy Kurtz then issued a Notice to Appear charging both the felony and trespass.

This arrest was not a good-faith mistake. It was a **knowing, deliberate false arrest** executed in bad faith after the complainant had already been subjected to four prior documented incidents of misconduct by other agencies. It represents the **culmination of a coordinated pattern of targeting** across multiple jurisdictions designed to punish the complainant for exercising his civil rights and filing complaints against prior officers.

The officers' conduct meets multiple independent grounds for **Serious Misconduct** under 11 CCR § 1205: - **Dishonesty** (a)(1) — Knowingly filing false charges that no reasonable officer could believe were supported by probable cause. - **Abuse of Power** (a)(2) — Effectuating a custodial arrest without probable cause, refusing to consider readily available exculpatory evidence, and participating in the ongoing deprivation of the complainant's property. - **Additional egregious conduct** under (a)(6) given the pattern, the felony charge on a claim-of-right fact pattern, and the timing immediately after prior complaints had been filed with POST and other oversight bodies.

POST has clear jurisdiction. Riverside County Sheriff's Office deputies are California peace officers subject to POST certification. The falsification of charging documents and the bad-faith arrest of a known registered owner asserting a claim of right on his own vehicle — while refusing to look at proof — is among the most serious violations of public trust POST can address. When viewed as the **fifth incident in a documented 10-month pattern** of targeting the same individual, this matter demands immediate investigation, sustained findings, and referral for decertification proceedings.

I. THE ESCALATING MULTI-JURISDICTIONAL PATTERN OF TARGETING

This Riverside County false arrest is not an isolated incident. It is the **fifth documented instance** in which California law enforcement officers from four separate agencies have subjected the complainant to pretextual stops, false charges, unlawful property seizures, and falsification of official records over a period of less than ten months. Each prior incident has been the subject of formal complaints to the respective agencies, POST, and other oversight bodies. The pattern is unmistakable and aggravating.

Prior Incidents (Incorporated by Reference)

1. August 31, 2025 – LAPD Hollywood Division (Officer Anthony R. Ochoa)
Pretextual Terry stop at Hollywood and Highland. Complainant was accused of identity fraud despite providing valid identification. Subjected to prolonged public detention, handcuffing, denial of medical care during a panic attack, and issued **10 knowingly baseless citations**. Formal POST decertification complaint filed. LAPD CF 25-003024.

2. January 9, 2026 – LAPD Wilshire Division (Officers Dorado, McClement, Acuna, Hooper et al.)
Pretextual stop for alleged expired registration despite valid Pennsylvania credentials. Vehicle (Tesla Model X) unlawfully impounded and subjected to a **3+ month investigative hold**. Complainant forced to pay **$8,164.20** in storage fees despite LAPD's own release form confirming compliance. This directly precipitated a **72-hour involuntary psychiatric hold (W&I § 5150)** requiring family members to fly from Pennsylvania. Formal POST decertification complaint and LAPD OIG complaint filed.

3. April 3, 2026 – Santa Monica Police Department (Officer A. Prado #3727 / Officer James #4113)
While picking up pizza at 1454 Lincoln Boulevard, complainant's vehicle was subjected to a **warrantless search** without consent while he was inside the store. Approximately **eight officers** surrounded the vehicle in an excessive show of force. Issued a pretextual red-zone citation (#943912476). Formal POST complaint filed. SMPD Incident #26-34160.

4. April 30, 2026 – Santa Barbara County Sheriff's Office (Deputies Shin #6189 and Rivera #5341)
While lawfully and voluntarily stopped at El Colegio Road & Camino Pescadero in Goleta while touring UCSB after graduate program acceptance, complainant was subjected to unlawful detention and false arrest. Despite immediately providing a **valid California driver's license (Y9497611)**, he was charged with VC 12500(a) (directly contradicted by CAD log showing license returned as "Valid"). Charged with BP 4060 despite **lawful prescription** clearly labeled with his name. Most critically, **Deputy Shin falsified official booking records** to claim "Cite Released" at 22:15 on April 30 when complainant was actually held overnight until May 1 at approximately 02:46. Formal POST decertification complaint, SBSO Internal Affairs complaint, and Santa Barbara County Grand Jury request filed. Agency Case #260004258.

5. June 8, 2026 – Riverside County Sheriff's Office (Deputy Gonzalez #6807 and Deputy Kurtz) – CURRENT INCIDENT
The subject of this complaint. False felony arrest on a claim-of-right fact pattern after complainant located his own vehicle at an auction following its unlawful multi-jurisdictional movement without notice or due process.

This pattern demonstrates a **coordinated campaign of retaliation** against a citizen who has exercised his First Amendment rights to file complaints and pursue civil remedies against prior officers. Each new agency appears to have been alerted to the complainant's "problematic" status, resulting in increasingly severe charges (from traffic citations → misdemeanor false arrest → now **felony vehicle theft** on his own car). This is precisely the type of **pattern-or-practice** misconduct that 34 U.S.C. § 12601 and POST's decertification authority were designed to address.

II. DETAILED FACTUAL BACKGROUND – JUNE 8, 2026 RIVERSIDE INCIDENT

A. The Unlawful Multi-Jurisdictional Movement of the Vehicle

Following the April 30, 2026 Santa Barbara arrest, the complainant's 2020 Jaguar F-TYPE was towed by 805 Roadside Towing (Invoice #68306) to their facility in Goleta. Golden 1 Credit Union is the legal owner/lienholder of record.

Critically: - **No Notice of Intent to Dispose** was ever served on the complainant as required by Civil Code § 2983.2 (Rees-Levering Act) and Commercial Code § 9614. - The vehicle was **moved without notice** to at least **three separate locations** across multiple counties (Santa Barbara → Ventura → Inland Empire / Riverside area). - At each move, the complainant notified local law enforcement and attempted to file stolen vehicle reports, as **no formal repossession documentation** had been provided and the vehicle was being held without due process. - The complainant was **never given any opportunity** to recover personal property from the vehicle, including a USPS box containing privileged legal mail and documents related to his ongoing complaints against other agencies.

On or about June 8, 2026, the complainant located the vehicle at a private auction facility located at **16660 Nino Way** in Riverside County. The auction facility had **no documentation** presented to the complainant demonstrating that Golden 1 or any authorized agent had lawfully authorized the vehicle's presence or storage at that location.

B. The Complainant's Lawful, Good-Faith Conduct

Upon locating his own vehicle, the complainant: 1. **Immediately called the California Highway Patrol (CHP)** to report the situation and seek guidance. 2. Drove the vehicle only a **short distance to the front entrance gate** of the auction facility — **the vehicle never left the property**. 3. Was met by security personnel who instructed him to exit the vehicle and wait. 4. **Fully complied** with all instructions. 5. **Waited approximately 40 minutes** for Riverside County Sheriff's deputies to arrive. 6. Upon arrival of Deputy Gonzalez #6807 and Deputy Kurtz, **repeatedly and openly asserted his ownership** and **offered to provide proof** (DMV registration card listing him as Registered Owner, title history, loan documents from Golden 1 showing him as borrower). 7. Informed the deputies that he had called CHP and had been waiting for law enforcement.

C. The Deputies' Unlawful Refusal to Consider Exculpatory Evidence

Despite the complainant's open, good-faith assertion of ownership and his offer to provide documentary proof: - **Deputy Gonzalez #6807 and Deputy Kurtz refused to examine any documentation** of ownership. - They refused to contact Golden 1 to verify the status of any alleged repossession or default. - They refused to contact CHP regarding the complainant's prior call. - They made **no inquiry** into whether any lawful repossession notice had been served. - They made **no inquiry** into why the vehicle was at a private auction facility without apparent lienholder documentation being produced.

Instead, they effectuated a **custodial arrest** on a **felony charge of vehicle theft (VC §10851(a))** — a charge that requires proof that the complainant took or drove a vehicle **belonging to someone else** without the owner's consent and with intent to deprive the owner of possession.

Every single element was absent: - The vehicle **belonged to the complainant** (he is the registered owner). - There was **no intent to deprive** anyone — he was openly asserting his claim of right on his own property. - The vehicle **never left the auction facility property**. - The complainant **called law enforcement himself** and waited 40 minutes in compliance.

D. The False Charges and Booking

Deputy Gonzalez #6807 arrested the complainant. Deputy Kurtz issued a Notice to Appear charging: - **VC §10851(a)** – Taking/Driving Vehicle Without Consent (Felony) - **PC §602(k)** – Trespass

The complainant was booked into Riverside County Jail (Booking #202627606) at approximately 03:00 hours. Property taken into safekeeping included a MacBook Air 2025, Sonos monitor, black leather backpack, numerous bottles of medication, and miscellaneous items. His cell phone was logged as "BLK W/DMG" (damaged). He was cited and released at approximately 09:18 hours with bail set at **$20,000**.

The Notice to Appear contains a notation: **"Federal Court Ordered Release Auth. SA-CV-93808 AHS (RWRx)"** — indicating awareness of the complainant's pending federal civil rights litigation arising from prior incidents.

E. The Legal Impossibility of the Felony Charge

Under CALCRIM 1820, a conviction for VC §10851(a) requires proof beyond a reasonable doubt that: 1. The defendant took or drove a vehicle belonging to **someone else**; 2. Without the owner's consent; **and** 3. With the intent to deprive the owner of possession for any period of time.

California courts and secondary authorities have long recognized the **claim-of-right defense**: a person cannot be guilty of unlawfully taking their own vehicle. Where a defendant has a good-faith, bona-fide belief in ownership or a possessory right, the intent element is negated as a matter of law.

Here, the defense is not merely colorable — it is **conclusive**: - Complainant is the **registered owner** per DMV records. - He **openly asserted ownership** at the scene. - He **offered proof** which officers refused to examine. - The vehicle **never left the property**. - He **called police himself**.

No reasonable officer, let alone a reasonable prosecutor, could believe probable cause existed for a felony vehicle theft charge on these facts. The charge was **legally impossible** from the moment it was conceived.

III. SPECIFIC COUNTS OF SERIOUS MISCONDUCT (11 CCR § 1205)

COUNT 1: DISHONESTY – Knowingly Filing False Charges (11 CCR § 1205(a)(1))

Deputy Gonzalez #6807 and Deputy Kurtz knowingly caused false charges to be filed against the complainant for VC §10851(a) when: - They had actual knowledge (or deliberately avoided acquiring knowledge) that the complainant was the registered owner; - They refused to examine readily available proof of ownership; - They knew or should have known that the vehicle had never left the property; - They knew or should have known that the complainant had called law enforcement and was waiting in compliance.

This constitutes **intentional dishonesty in official government records** and charging documents — a direct violation of POST standards and grounds for decertification.

COUNT 2: ABUSE OF POWER – Unlawful Arrest Without Probable Cause (11 CCR § 1205(a)(2))

The arrest was effected without probable cause in violation of the Fourth Amendment. The refusal to consider exculpatory evidence negates any claim of good faith or qualified immunity. This was not a close call or a reasonable mistake — it was a **bad-faith arrest** executed to punish the complainant for locating his own vehicle and asserting his property rights.

COUNT 3: PARTICIPATION IN ONGOING CONSTITUTIONAL VIOLATIONS – Unlawful Deprivation of Property

By arresting the complainant and facilitating the continued impoundment of his vehicle at a private auction facility without any showing of lawful lienholder authorization, the officers participated in the ongoing deprivation of the complainant's property without due process. The vehicle remains at risk of unlawful sale.

COUNT 4: AGGRAVATING PATTERN CONDUCT (11 CCR § 1205(a)(6))

This incident is the **fifth in a documented pattern** of targeting the same individual across four separate agencies in less than ten months. The escalation in charge severity (from traffic citations to misdemeanor false arrest to **felony vehicle theft on the complainant's own car**) demonstrates a punitive, retaliatory motive incompatible with the standards expected of California peace officers.

IV. AGGRAVATING FACTORS (11 CCR § 1213 / Regulation 1216)

Factor	Application to This Incident
Pattern of Misconduct	Fifth documented incident in 10 months across LAPD (Hollywood + Wilshire), Santa Monica PD, Santa Barbara SO, and now Riverside SO.
Dishonesty / Falsification	Knowingly filing a felony charge that no reasonable officer could believe was supported by probable cause; refusal to examine exculpatory evidence.
Harm to Victim	Complainant subjected to custodial arrest, $20,000 bail exposure, ongoing threat of felony conviction, continued loss of vehicle, inability to recover personal property (including privileged legal mail), and severe emotional/financial harm.
Targeting of Vulnerable Individual	Occurred while complainant was actively pursuing complaints and civil remedies arising from prior incidents of police misconduct; while he was in the process of recovering from a 72-hour psychiatric hold caused by a prior unlawful impound.
Retaliatory Motive	Timing immediately after prior POST complaints had been filed; notation on NTA referencing complainant's federal civil rights case.
Egregious Nature of Violation	Felony charge on a fact pattern where every element was legally impossible; refusal to look at proof of ownership; participation in multi-jurisdictional deprivation of property without due process.
Impact on Public Trust	Filing a felony vehicle theft charge against a registered owner who called police himself and waited 40 minutes in compliance destroys public confidence in law enforcement.

V. EVIDENTIARY DEMANDS AND PRESERVATION NOTICE

Pursuant to the California Public Records Act (Gov. Code § 7920 et seq.) and SB 1421 / SB 16 (Penal Code § 832.7), the complainant demands immediate production and preservation of:

1. All **Body-Worn Camera (BWC)** and any dash/surveillance footage from Deputy Gonzalez #6807, Deputy Kurtz, and all responding personnel for the entire encounter at 16660 Nino Way on June 8, 2026.
2. All **CAD / dispatch logs**, call records, and unit history for the response to 16660 Nino Way.
3. The complete **arrest / incident report**, probable cause declaration, and all supplemental reports.
4. All **property / evidence logs** for items taken into safekeeping (MacBook, Sonos, backpack, medications, damaged cell phone, etc.).
5. All **CLETS / NCIC / SVS query logs** run on the complainant and the vehicle (VIN SAJDD1GX4LCK67497 / Plate 9PCM313) on or around June 8, 2026.
6. All communications between RSO personnel and the auction facility, Golden 1 Credit Union, or any repossession agent regarding the vehicle.
7. The complete **booking records** and any internal communications regarding the decision to charge VC §10851(a) as a felony.

All evidence must be preserved pending resolution of this complaint and any related criminal or civil proceedings. Spoliation of evidence will be grounds for adverse inference and sanctions.

VI. REQUESTED RELIEF

The complainant respectfully requests that POST:

1. **Accept this complaint** and forward it to the Riverside County Sheriff's Office for mandatory investigation under Penal Code § 832.5, with a concurrent independent review by POST's Peace Officer Standards Accountability Division.
2. **Issue sustained findings** of Serious Misconduct against Deputy Gonzalez #6807 and Deputy Kurtz on all counts set forth above.
3. **Refer both officers for decertification proceedings** under Penal Code § 13510.8 and 11 CCR § 1205.
4. **Direct the Riverside County Sheriff's Office** to immediately:
   - Dismiss or request dismissal of the false felony charge (VC §10851(a));
   - Return all seized personal property;
   - Take all necessary steps to facilitate the release of the complainant's vehicle without further storage charges or lien sale proceedings.
5. **Coordinate with the California Attorney General's Office** and the U.S. Department of Justice Civil Rights Division for pattern-or-practice investigation under 34 U.S.C. § 12601.
6. **Provide written confirmation** to the complainant within 30 days of all actions taken.

VII. VERIFICATION AND RESERVATION OF RIGHTS

I, Nyree Daquan Hinton, declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct to the best of my knowledge and belief.

This complaint is submitted in good faith and without prejudice to any and all rights and remedies available to me under federal and state law, including but not limited to claims under 42 U.S.C. § 1983, the Tom Bane Civil Rights Act (Civ. Code § 52.1), California tort law, and the right to pursue civil recovery for the unlawful taking and threatened sale of my vehicle.

I reserve the right to supplement this complaint with additional evidence as it becomes available, including body-worn camera footage, CAD logs, and discovery from the pending criminal case.

Medical Screening Exam: No Emergency

You have had a medical screening exam. The results show that you don't have a condition that needs to be treated in the emergency room.

You can safely wait until you can see your healthcare provider for evaluation or treatment. It's up to you to make an appointment for follow-up care.

Medical emergencies

If you think you have a medical emergency, please come to the emergency room. That's what we are here for. A medical emergency might be severe pain. It might be a condition that gets worse. Or it might be problems with a pregnancy.

The emergency room is open to all who need treatment. But if you don't think you have a serious or life-threatening problem, try these other choices.

If you have a primary care provider:

Call your healthcare provider before coming to the emergency room.

After office hours, someone from your doctor's office is on-call by phone. The person on-call may be able to give you advice over the phone on how to take care of the problem.

You may be able to get an appointment to see your provider or be referred to an urgent care center.

If you don't have a primary care provider:

Call the referral doctor or clinic shown below during office hours. You should be able to make an appointment to be seen.

If you aren't sure whether you are having an emergency, you can always return to the emergency department to be looked at.

Phone advice from the emergency department

We are here 24 hours a day to give emergency care. But this hospital does not give phone advice for medical conditions. If you need advice for a condition that can't wait to be seen by your doctor, you will need to come back to this facility in person.
